# Zastosowania ML

Obecnie ML do wszystkiego ...

- ✓ Zintegrowane pakiety programów z elementami ML do data mining.
- ✓ Analiza obrazów i sygnałów.
- ✓ Sterowanie: automatyczny kierowca/pilot/czołg ...
- ✓ Analiza tekstów.

# Methods: NN for images

# Methods: Deep NN for images

Small patches of image (ex. 5x5 pixels) are filtered through receptive fields in convolution operation, creating elementary features, combined together using sampling, and again filtered to generate more complex features.

Finally generated features are analyzed to determine image category.

# Methods: NN for images

## Feature representation

# Deep NN for protein folding

The ability to accurately predict protein structures from their amino-acid sequence will vastly accelerate efforts to understand the building blocks of cells, and enable quicker and more advanced drug discovery.

AlphaFold using deep neural networks has made great improvement, 2/3 of predicted structures is equivalent to experimental!

[Nature, 30.11.2020](#)

## STRUCTURE SOLVER

DeepMind's AlphaFold 2 algorithm significantly outperformed other teams at the CASP14 protein-folding contest — and its previous version's performance at the last CASP.

# Generative art

„Generative art” in Wikipedia

# Generative music

„Popcorn”, Hot Butter hit from 1969,  
Created through computer analysis of various melodies.  
Computer helping human musicians.

Musicians learn by hearing and analyzing.

Why computers should not do the same? With access to all music in the world?

Algorithmic music: John Cage, Iannis Xenakis ...

[http://en.wikipedia.org/wiki/Algorithmic\\_music](http://en.wikipedia.org/wiki/Algorithmic_music)

Lucasfilm Games' gra Ballblazer (1982) używała komputerowej improwizacji jazzowej, Xbox improwizuje na zadane tematy.

Generative music: Brian Eno started to experiment in 1975!

[http://en.wikipedia.org/wiki/Generative\\_music](http://en.wikipedia.org/wiki/Generative_music)

Examples of generative music:

<http://jmusic.ci.qut.edu.au/jmMusic.html>

# From images to music

Can music be composed converting images?

Example: finish “metacomposer” Lauri Gröhn:

[Synesthesia Software Music](#)

„I want to show that in future computers may compose as well as people”.

[Turku Archipelago](#), Fog, Sakura – interesting compositions!

Can computer really „feel” music?

[Greta ist trying...](#)

# Flow Machines

by Sony CSL

<http://www.flow-machines.com>

Software that learns.  
What is programmed  
is only the motivation  
to learn!

Learning to Create  
(Lrn2Cre8) EU FP7  
Project

Daddy's Car: a song composed by Artificial Intelligence - in the style of the Beatles
